

Shape the future
with confidence

As you write your
next chapter what
shape will it take?

Join our assurance team!

Be an innovator and a problem solver, helping a complex world to work better by maintaining the confidence and trust that capital markets need.

The opportunity

As an **Junior Auditor**, you will assist in various audit engagements in different industry sectors. As you build your finance & audit knowledge and experience, you will become a credible auditor, influencing clients and engagement teams on resolutions that will impact entire industries. Apply if you are a last year student and do not have lectures, a graduate or already have work experience. **Sign a contract now and join our team in September, 2025!**

Your key responsibilities

- ▶ Develop an understanding of the audit client's business.
- ▶ Interact with the clients to collect all the necessary data and information, set-up and maintain audit files, etc.
- ▶ Support the planning, execution, and delivery of assurance engagements.
- ▶ Clearly and accurately document the execution of audit procedures as defined by the engagement objectives, and planned audit approach.
- ▶ Data and information analysis while working on various audit projects.

Skills and attributes for success

- ▶ Drive to gain deep understanding of finance & accounting, business management (some previous experience would be an advantage), motivation and willingness to grow as an expert in audit field.
- ▶ Proper mix of strong communication and interpersonal skills as well as analytical and critical thinking skills.
- ▶ Strong academic record including a university degree or being last year student in economics / finance / accounting or any other related area.
- ▶ Excellent spoken and written Latvian and English.
- ▶ Ability to work full time.

What we offer
